- ✓ OHSAS 18001 : 1999, N°SMS/2007/28316

ARMOR has been accredited the triple AFAQ certification Quality, Safety & Health and Environment (QSE). It joins the prestigious circle of large international chemistry companies QSE certified.

This QSE label is the result of the combination of three international reference standards: ISO 9001, ISO 14001 and OHSAS 18001.

It constitutes another demonstration that ARMOR is committed to support its partners for long term developments.
